As a patron, you're joining Patreon to be part of an exciting movement to support a creator's membership while you get special benefits, like access to your creator, merchandise (when offered), exclusivity, and engaging experiences with the creator and patron community. In exchange, you pay Patreon for membership programs, on a subscription basis, to access and support creators you like. To become a patron, simply create an account, add your preferred payment method, and join a membership program on Patreon to start supporting your creator!

There are three types of membership subscriptions. One is a monthly subscription where you pay per month. The second is a per creation subscription where you pay based on the number of creations a creator posts in that month. You can set a limit on the number of creations you pay for in a single month under the per subscription model. The third membership option is an annual front, membership, where you pay for a year of access up all at a discounted rate. Not all offerings allow for presented three subscription types.             These terms and any referenced policies are the
entire
            agreement between you and us, and supersede all
prior
            agreements. If any provision of these terms is
held to
            be unenforceable, then that provision is modified
to the
            extent necessary to enforce it. If a provision
cannot be
            modified, it is severed from these terms, and all
other
            provisions remain in force. If either party fails
to
            enforce a right provided by these terms, it does
not
            waive the ability to enforce any rights in the
future.
